

Safety and Security at RMC

RMC is committed to ensuring that all its members and guests are kept safe during their stay. Here are some of the safety and security features at the College:

Security Fence: RMC has a fence on all sides of the College, completely enclosing the grounds.

Entrance locks: Entrances to the College and to each block have electronic locks operated by swipe cards which are provided to each member of the College.

Lockable Cupboards: Each room has a lockable cupboard to store valuable items.

Female Bathrooms: The Female Bathrooms in the College are locked at all times and only the female members of the College are provided with keys to open them.

On-site Staff: There are five permanent Residential Staff who live on-site and who maintain the safety and security of the College and respond to emergencies. Outside of office hours, there is a Duty Officer on call for any safety and security issue that may arise. All Residential Staff and Duty Officers have completed First Aid training.

If you have any queries about safety and security, please do not hesitate to contact the Office on +61 2 9936 6000 during business hours.
